

Recession time

Why not do your own bookkeeping

The only Accounting Software Designed in Ireland specifically for Irish Sole Traders and Small Business

Advantages of accounting system

- It is self explanatory and easy to follow
- Allows the payment of VAT and does all the calculation
- Allows monthly profit and loss, balance sheet and cashflow printouts so a view of the business is available when required
- Reconciliations of bank accounts
- Allows a printout of Debtors so you can track what money is due
- Printout of creditors to track the money you will have to pay out
- Allows off site management of accounts by a third party (account)
- Can save you a lot of money

SAGE accredited training centre participants can avail of a discount on sage products
